VISUAL APPEARANCE

The product may reveal various wrinkles due to the combination of Elasticity of the covering, characteristics of the interior construction and the design of the product.

Products with Visual Appearance listed as High or Medium would require higher degree of care, where seats and back cushions may require fluffing and plumping more often than Products with Visual Appearance listed as Low.

NOTES

- Designed by Mauro Lipparini.
- Date of launch: 2021.
- Model is not available with article Misterbianco (cat. 30).
- Seat cushion includes a layer of memory foam, a pressure-sensitive soft polyurethane, that recovers its form completely thus giving great comfort.
- Step 1: Pulling the handle between the seat cushions activates the hidden sliding mechanism that transforms the sofa into a bed.

When the sofa is in leather, the handle is in the same leather covering of the sofa.
When the sofa is in fabric, the handle can be in fabric (in the same covering) or in leather (picking from Le Mans or Status color pallete).
- Step 2: After step 1, the back cushion can be flipped over manually supported by a gas piston mechanism.
With the back cushion flipped over, the sofa is transformed into a bed.
A mattress topper improves the comfort.
- Version 008 also includes one armrest/cushion. Removable armrest that also acts as a cushion in the bed version. With version 108, one extra armrest/cushion can be ordered.
- Wooden base in natural ash wood (54) or black ash wood (51).
