NOTES

- The Melpot seating collection gets its name from the very mix of features that set it apart. Strictly following architectural design standards, Melpot delivers a plethora of unexpectedly dramatic design options.
- Completely modular: mix it up with hard and soft surfaces such as pouf accent tables, wall panels or shelves to be placed against the padded backrest, or add a freestanding open shelving or drawer unit in wood for a flexible and personalized space. Modular components and accessories give free reign to creative configurations that suit every taste.
- To allow modularity, the single elements can be put together thanks to the rubber stops under the legs.
- To increase the functionality of MELPOT sofa, we have launched also a furnishing system composed of pouf, bench and shelving units.
- Modules have sets of shelf units in three different sizes that can be combined to each side. All shelves are available in three different dimensions to match the three different dimensions of the seats and shelves are available in two different typologies: closed back with a panel or open shelf.
- Second options versions have quilted seat cushions and include an adjustable headrest to obtain the ideal comfort.
- Squared scatter pillow (version 122) is always available in leather/fabric mix.
- Model also available with slipcover with the model code Rxxx.
- Model is not available with article Giannini (cat. 25) and Cassidy (cat.60).
- Comfort >> The seat cushions are padded with Climalight (special latest-generation silicone microfibre). The loose cushions are filled with goose down for maximum softness.
